

THE **X2** POWER MOBILE APP

Monitor your X2Power Lithium Marine Battery's performance, including Voltage, Amps, Watts, Cycles, Full Charge Capacity, and estimated discharge time, all through the X2Power mobile app.

HOW TO CONNECT TO YOUR BATTERY

SEARCH

The app will search for nearby batteries and display a list of batteries.

CHOOSE

Locate the unique identifier on the battery's side sticker (e.g., X2P1250BTA1212149). Tap to view details.

CONNECT

Single battery connection per device. Only one battery can be monitored at a time.
